| Manufacturer               | TargetMol                                                                                                                                                        |
| Category                   | Biochemikalien                                                                                                                                                   |
| Product Description        | NKG2D/CD314 Protein, Pig, Recombinant (mFc) is expressed in Mammalian cell. The accession number is Q9GLF5....                                                   |
| Molecular Weight           | 17.2 kDa (Predicted)                                                                                                                                             |
