| Category                   | Biochemikalien                                                                                                                                                                                         |
| Product Description        | 4-1BB/CD137/TNFRSF9 Protein, Cynomolgus, Recombinant (His) is expressed in HEK293 mammalian cells with C-6xHis tag. The predicted molecular weight is 26-35 KDa and the accession number is A9YYE7.... |
| Molecular Weight           | 26-35 KDa (reducing condition)                                                                                                                                                                         |
