| Category                   | Biochemikalien                                                                                                                 |
| Product Description        | CRBN ligand-63 is a ligand for the cereblon (CRBN) type E3 ubiquitin ligase and can be utilized in the creation of PROTACs.... |
| Molecular Weight           | 298.133                                                                                                                        |
| CAS Number                 | [3049446-57-0]                                                                                                                 |
| Formula                    | C12H12BrNO3                                                                                                                    |
| Target                     | Ligand for E3 Ligase                                                                                                           |
