| Manufacturer               | TargetMol                                                                                                                                                                               |
| Category                   | Biochemikalien                                                                                                                                                                          |
| Product Description        | B7-H3 Protein, Cynomolgus, Recombinant (hFc) is expressed in HEK293 mammalian cells with hFc tag. The predicted molecular weight is 73.8 kDa and the accession number is A0A7N9CYV2.... |
| Molecular Weight           | 73.8 kDa (predicted)                                                                                                                                                                    |
