| Category                   | Biochemikalien                                                                                                                                                                                          |
| Product Description        | PSGL-1/CD162 Protein, Human, Recombinant (His & hFc) is expressed in HEK293 mammalian cells with His and hFc tag. The predicted molecular weight is 57.1 kDa and the accession number is AAC50061.1.... |
| Molecular Weight           | 57.1 kDa (predicted), 110-120 kDa (reducing condition, due to glycosylation)                                                                                                                            |
