| Manufacturer               | TargetMol                                                                                                                                                                                |
| Category                   | Biochemikalien                                                                                                                                                                           |
| Product Description        | NKG2D/CD314 Protein, Mouse, Recombinant (hFc) is expressed in Baculovirus insect cells with hFc tag. The predicted molecular weight is 44.9 kDa and the accession number is O54709-2.... |
| Molecular Weight           | 44.9 kDa (predicted)                                                                                                                                                                     |
| Purity                     | 98.20%                                                                                                                                                                                   |
