| Category                   | Biochemikalien                                                                                                                                                                                    |
| Product Description        | SIRP alpha Protein, Cynomolgus, Recombinant (His) is expressed in HEK293 mammalian cells with His tag. The predicted molecular weight is 38.93 kDa and the accession number is XP_015313153.1.... |
| Molecular Weight           | 38.93 kDa (predicted)                                                                                                                                                                             |
| Purity                     | 98.90%                                                                                                                                                                                            |
