| Manufacturer               | TargetMol                                                                                                   |
| Category                   | Biochemikalien                                                                                              |
| Product Description        | 4-Ethylbenzonitrile is a micromolar level inhibitor of Cytochrome P450 2A6 with an IC50 value of 7.4 µM.... |
| Molecular Weight           | 131.17                                                                                                      |
| CAS Number                 | [25309-65-3]                                                                                                |
| Formula                    | C9H9N                                                                                                       |
| Target                     | Cytochromes P450                                                                                            |
