| Category                   | Biochemikalien                                                                                          |
| Product Description        | 1,1-Methylenedi-2-naphthol target CYP2C19 - cytochrome P450 family 2 subfamily C member 19 (human)....  |
| Molecular Weight           | 300.35                                                                                                  |
| Purity                     | 99.19%                                                                                                  |
| CAS Number                 | [1096-84-0]                                                                                             |
| Formula                    | C21H16O2                                                                                                |
| Target                     | Beta Amyloid   Others                                                                                   |
