| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FLISA, IF, WB                                                                                                                                                                                                                                                 |
| Immunogen                  | Full length recombinant corresponding to aa1-151 from human PDE6D with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                              |
| Product Description        | Acts as a GTP specific dissociation inhibitor (GDI). Increases the affinity of ARL3 for GTP by several orders of magnitude and does so by decreasing the nucleotide dissociation rate. Stabilizes Arl3-GTP by decreasing the nucleotide dissociation. Appl... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [5C7]                                                                                                                                                                                                                                                         |
