| Host                       | Rabbit                                                                                                                                                                                   |
| Category                   | Antikörper                                                                                                                                                                               |
| Application                | FC                                                                                                                                                                                       |
| Species Reactivity         | Human                                                                                                                                                                                    |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the C-terminus of human WIPF3, which shares 95.5% and 90.9% amino acid (aa) sequence identity with mouse and rat WIPF3, respectively. |
| Product Description        | Anti-WIPF3 Antibody . Tested in Flow Cytometry, WB applications. This antibody reacts with Human....                                                                                     |
| Clonality                  | Polyclonal                                                                                                                                                                               |
| Concentration              | 500 ug/ml                                                                                                                                                                                |
| Molecular Weight           | 19908 MW                                                                                                                                                                                 |
