| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, FC, WB                                                                                                                                                                                                                                                 |
| Immunogen                  | Recombinant protein corresponding to aa221-325 from human ACP5 expressed in E. coli.                                                                                                                                                                          |
| Product Description        | This gene encodes an iron containing glycoprotein which catalyzes the conversion of orthophosphoric monoester to alcohol and orthophosphate. It is the most basic of the acid phosphatases and is the only form not inhibited by L(+)-tartrate. Applicatio... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [14i69]                                                                                                                                                                                                                                                       |
| Purity                     | Purified                                                                                                                                                                                                                                                      |
| Form                       | Supplied as a liquid in PBS, 0.05% sodium azide, 0.5% protein stabilizer.                                                                                                                                                                                     |
