| Category                   | Molekularbiologie                                                                                                                                                                                                                                             |
| Application                | ELISA, LF                                                                                                                                                                                                                                                     |
| Product Description        | Recombinant protein corresponding to P. vivax MSP-1, fused to His-tag, expressed in E. coli. Molecular Weight: ~20kD Applications: Suitable for use in ELISA, Lateral Flow. Other applications not tested. Recommended Dilution: Optimal dilutions to be d... |
| Molecular Weight           | 20                                                                                                                                                                                                                                                            |
| Purity                     | 90% (SDS-PAGE)                                                                                                                                                                                                                                                |
| Form                       | Supplied as a liquid in 0.1M carbonate, pH 9.0, 0.09% sodium azide.                                                                                                                                                                                           |
