| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FLISA, IF                                                                                                                                                                                                                                                     |
| Immunogen                  | Dengue type 4 virus antigens                                                                                                                                                                                                                                  |
| Product Description        | MaxLight(TM)650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Coe... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [2Q1897 D3-2H2-9-21]                                                                                                                                                                                                                                          |
| Isotype                    | IgG2a                                                                                                                                                                                                                                                         |
| Purity                     | Purified by Protein A affinity chromatography                                                                                                                                                                                                                 |

|      |                                                                                           |
|------|-------------------------------------------------------------------------------------------|
| Form | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)650. |
