Product Datasheet

Fibronectin, Goat USB-F4215-36

Article Name	Fibronectin, Goat
Biozol Catalog Number	USB-F4215-36
Supplier Catalog Number	F4215-36
Alternative Catalog Number	USB-F4215-36-1
Manufacturer	US Biological
Category	Molekularbiologie
Product Description	Fibronectin is a high molecular weight dimeric glycoprotein which is present in soluble and insoluble forms. The soluble form is the major component of blood plasma and is mainly produced by hepatocytes while insoluble fibronectin is a major component of extracellular matrix. It is involved in cell adhesion, migration, and proliferation. Fibronectin has a molecular weight of approximately 500 kDa and a pI of 5.5-6.0.
Molecular Weight	50
Purity	Purified by affinity chromatography on gelatin covalently linked to agarose. 90% (SDS-PAGE).
Form	Supplied as a lyophilized powder from 0.1M ammonium bicarbonate.
