| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                  | E.coli derived recombinant human interferon alpha 1.                                                                                                                                                                                                          |
| Product Description        | Applications: Suitable for use in ELISA and Western blot. Other applications not tested. Recommended Dilution: Optimal dilutions to be determined by the researcher. Hybridoma: NS-0 cells myeloma cells with spleen cells from Balb/c mice. Storage and S... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [2-48]                                                                                                                                                                                                                                                        |
| Isotype                    | IgG1                                                                                                                                                                                                                                                          |

|        |                                                  |
|--------|--------------------------------------------------|
| Purity | Purified                                         |
| Form   | Supplied as a liquid in PBS, 0.05% sodium azide. |
