| Product Description        | p-Demethoxy p-Chloro Apixaban is an impurity of Apixaban (A726700) which is an active inhibitor of coagulation factor Xa. Molecular Formula: C <sub>24</sub> H <sub>22</sub> ClN <sub>5</sub> O <sub>3</sub> Molecular Weight: 463.92 Storage and Stability: Store at -20C. For maximum recovery of product, ... |
| Molecular Weight           | 463.92                                                                                                                                                                                                                                                                                                           |
