| Manufacturer               | US Biological                                                                                                                                                                                                                                                                      |
| Category                   | Biochemikalien                                                                                                                                                                                                                                                                     |
| Product Description        | Vanadium(III) Acetylacetonate is used in batteries. Molecular Formula: C <sub>15</sub> H <sub>21</sub> O <sub>6</sub> V Molecular Weight: 348.27 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prior to removing the cap.... |
| Molecular Weight           | 348.27                                                                                                                                                                                                                                                                             |
