| Product Description        | 3,5-Dinitrophenylboronic acid, pinacol ester Molecular Formula: C <sub>12</sub> H <sub>15</sub> BN <sub>2</sub> O <sub>6</sub> Molecular Weight: 294.07 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prior to removing the cap.... |
| Molecular Weight           | 294.07                                                                                                                                                                                                                                                                                    |
