| Manufacturer               | US Biological                                                                                                                                                                                                                                              |
| Host                       | Rabbit                                                                                                                                                                                                                                                     |
| Category                   | Antikörper                                                                                                                                                                                                                                                 |
| Application                | IHC, WB                                                                                                                                                                                                                                                    |
| Immunogen                  | Synthetic peptide corresponding to human GLUT3.                                                                                                                                                                                                            |
| Product Description        | GLUT3 an integral membrane facilitative glucose transporter. One of 13 members of the human equilibrative glucose transport protein family. Its surface expression is induced by insulin. It is restricted in humans to brain, testis (in the spermatozoa) |
| UniProt                    | P11169                                                                                                                                                                                                                                                     |
| Purity                     | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                 |
| Form                       | Supplied as a liquid in PBS (without Mg2+ and Ca2+), pH 7.4, 0.02% sodium azide, 50% glycerol.                                                                                                                                                             |
