| Product Description        | 6-Amino-D-Tryptophan is a nonnutritive sweetener. Molecular Formula: C <sub>11</sub> H <sub>13</sub> N <sub>3</sub> O <sub>2</sub> Molecular Weight: 219.24 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prior to removing the cap.... |
| Molecular Weight           | 219.24                                                                                                                                                                                                                                                                                        |
