| Product Description        | (E)-7-Tetradecenal was used in various studies as an analyte in GC-MS. Molecular Formula: C <sub>14</sub> H <sub>26</sub> O Molecular Weight: 210.36 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prior to removing the cap.... |
| Molecular Weight           | 210.36                                                                                                                                                                                                                                                                                 |
