| Manufacturer               | US Biological                                                                                                                                                                                                                                                                                                                              |
| Category                   | Biochemikalien                                                                                                                                                                                                                                                                                                                             |
| Product Description        | Hexakis(1H,1H,8H-tetradecafluorooctyloxy)phosphazine is a mass spectrometry calibration compound. Also used in collision cross section (CCS) measurements resulting from ion mobility-mass spectrometry (IM-MS) Molecular Formula: C <sub>48</sub> H <sub>18</sub> F <sub>84</sub> N <sub>3</sub> O <sub>6</sub> P <sub>3</sub> Molecul... |
| Molecular Weight           | 2421.46                                                                                                                                                                                                                                                                                                                                    |
| CAS Number                 | [186406-49-5]                                                                                                                                                                                                                                                                                                                              |
