| Manufacturer               | US Biological                                                                                                                                                                                                                                                                                           |
| Category                   | Biochemikalien                                                                                                                                                                                                                                                                                          |
| Product Description        | ML246 is a perinucleolar compartment (PNC) modulator/ Inhibitor.<br>Molecular Formula: C <sub>31</sub> H <sub>30</sub> N <sub>4</sub> O Molecular Weight: 474.6 Storage<br>and Stability: Store at -20C. For maximum recovery of product,<br>centrifuge the original vial prior to removing the cap.... |
| Molecular Weight           | 474.6                                                                                                                                                                                                                                                                                                   |
| CAS Number                 | [1443414-10-5]                                                                                                                                                                                                                                                                                          |
