| Product Description        | MY-5445 is a selective cGMP phosphodiesterase inhibitor. Potent PDE5 inhibitor. Molecular Formula: C <sub>20</sub> H <sub>14</sub> ClN <sub>3</sub> Molecular Weight: 331.8 Storage and Stability: Store at -20C. For maximum recovery of product, centrifuge the original vial prior to removin... |
| Molecular Weight           | 331.8                                                                                                                                                                                                                                                                                               |
