| Product Description        | Source: Recombinant protein corresponding to aa24-494 from human Integrin beta-like protein 1, fused to 10X His-Tag at N-terminal and Myc-Tag at C-terminal, expressed in Mammalian cell.<br>Molecular Weight: ~56.5kD Amino Acid Sequence: VPQSFSPSLRSWPGAAC... |
| Molecular Weight           | 56.5                                                                                                                                                                                                                                                             |
| UniProt                    | <a href="#">O95965</a>                                                                                                                                                                                                                                           |
| Purity                     | 85% (SDS-PAGE)                                                                                                                                                                                                                                                   |
| Form                       | Supplied as a lyophilized powder from 20mM Tris-HCl, 0.5M sodium chloride, pH 8.0, 6% trehalose. Reconstitute with sterile ddH2O to a concentration of 0.1-1mg/ml.                                                                                               |
