| Manufacturer               | Biorbyt                                                                                                                                                            |
| Category                   | Proteine/Peptide                                                                                                                                                   |
| Application                | ELISA, WB                                                                                                                                                          |
| Species Reactivity         | Mouse                                                                                                                                                              |
| Product Description        | Recombinant mouse KGF protein...                                                                                                                                   |
| Molecular Weight           | 17.8 kDa                                                                                                                                                           |
| UniProt                    | <a href="#">P36363</a>                                                                                                                                             |
| Buffer                     | Lyophilized from a 0.2 µm filtered solution in 10 mM Hepes, 500 mM NaCl with 5% trehalose, pH 7.4                                                                  |
| Purity                     | Greater than 95% as determined by SDS-PAGE                                                                                                                         |
| Application Notes          | Application Notes: Centrifuge the vial at 10,000 rpm for 1 minute, reconstitute at 200 µg/ml in sterile distilled water by gentle pipetting 2-3 times, dont vortex |
