| Category                   | Biochemikalien                                                                                                                                                           |
| Product Description        | BMP-2 Protein, Human/Mouse/Rat/Rhesus/Canine, Recombinant is expressed in E. coli. The accession number is P12643....                                                    |
| Molecular Weight           | 12.90 kDa (Predicted and reducing conditions)                                                                                                                            |
