### Recombinant Human PRMT3 Protein, E. coli ABB-RP03239

|                            |   |
|----------------------------|---|
| Article Name               | Recombinant Human PRMT3 Protein, E. coli  |
| Biozol Catalog Number      | ABB-RP03239   |
| Supplier Catalog Number    | RP03239   |
| Alternative Catalog Number | ABB-RP03239-100UG   |
| Manufacturer               | ABclonal  |
| Host                       | E. coli   |
| Category                   | Proteine/Peptide  |
| Species Reactivity         | Human   |
| Immunogen                  | Cys2-Gln531   |
| Product Description        | Protein arginine methyltransferase 3, also known as PRMT3, is one of four type I protein arginine methyltransferases (PRMT) that in humans is encoded by the PRMT3 gene. Methylation of arginine residues is a widespread post-translational modification ... |
| Concentration              | Please contact us for more information.   |
| Molecular Weight           | 85.7 kDa.   |
| NCBI                       | <a href="#">10196</a>   |
| UniProt                    | <a href="#">O60678</a>  |
| Purity                     | 65 % as determined by SDS-PAGE.   |

|                    |   |
|--------------------|---|
| Form               | Lyophilized from a 0.22 µm filtered solution of 20mM Tris, 150mM NaCl, 0.5mM GSH, pH 7.0. Contact us for customized product form or formulation.  |
| Target             | PRMT3   |
| Application Dilute | Lyophilized from a 0.22 µm filtered solution of 20mM Tris, 150mM NaCl, 0.5mM GSH, pH 7.0. Contact us for customized product form or formulation.  |
| Application Notes  | Cross-Reactivity: Centrifuge the vial before opening. Reconstitute to a concentration of 0.1-0.5 mg/mL in sterile distilled water. Avoid vortex or vigorously pipetting the protein. For long term storage, it is recommended to add a carrier protein or stabilizer (e.g. 0.1% BSA, 5% HSA, 10% FBS or 5% Trehalose), and aliquot the reconstituted protein solution to minimize free-thaw cycles., Research Area: Other Recombinant Protein |
