| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant fragment (around aa600-800) of human MCM4 protein<br>(exact sequence is proprietary)                                                                                                                                                              |
| Product Description        | The mini-chromosome maintenance (MCM) family of proteins, including MCM2, MCM3, MCM4 (Cdc21), MCM5 (Cdc46), MCM6 (Mis5) and MCM7 (Cdc47), are regulators of DNA replication that act to ensure replication occurs only once in the cell cycle. Expression ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [MCM4/13209R]                                                                                                                                                                                                                                                 |
| Molecular Weight           | 100kDa                                                                                                                                                                                                                                                        |
| NCBI                       | <a href="#">4173</a>                                                                                                                                                                                                                                          |

|         |                                                                                                                                                                        |
