| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | The NFkB-p100 Recombinant Monoclonal Antibody is applicable for the following applications: WB, IF, IP, ELISA. Host: Rabbit. Species Reactivity: Human (Homo sapiens), Mouse (Mus musculus), Rat (Rattus norvegicus). Accession Number: Q00653. Gene ID: 2... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [PT0571R]                                                                                                                                                                                                                                                     |
| NCBI                       | <a href="#">2346</a>                                                                                                                                                                                                                                          |
| Purity                     | Protein A                                                                                                                                                                                                                                                     |
