| Manufacturer               | Nordic BioSite                                                                                                                          |
| Category                   | Proteine/Peptide                                                                                                                        |
| Application                | SDS-PAGE                                                                                                                                |
| Product Description        | Human EMP/MAEA Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-396aa. Application(s): SDS-PAGE, Denatured.... |
| Concentration              | 0.25 mg/ml                                                                                                                              |
| Molecular Weight           | 47.7 kDa (419aa)                                                                                                                        |
| Tag                        | HIS Tag                                                                                                                                 |
| NCBI                       | <a href="#">10296</a>                                                                                                                   |
| UniProt                    | <a href="#">Q7L5Y9</a>                                                                                                                  |
| Purity                     | >85%                                                                                                                                    |
