| Article Name               | Zebrafish Cyclin E1/CCNE1 Antibody, Biotin, Rabbit, Polyclonal                    |
| Biozol Catalog Number      | BYT-ORB3003524                                                                    |
| Supplier Catalog Number    | orb3003524                                                                        |
| Alternative Catalog Number | BYT-ORB3003524-100                                                                |
| Manufacturer               | Biorbyt                                                                           |
| Host                       | Rabbit                                                                            |
| Category                   | Antikörper                                                                        |
| Application                | WB                                                                                |
| Species Reactivity         | Zebrafish                                                                         |
| Immunogen                  | E.coli-derived Zebrafish Cyclin E1/CCNE1 recombinant protein (Position: M1-S389). |
| Conjugation                | Biotin                                                                            |
| Product Description        | Zebrafish Cyclin E1/CCNE1 Antibody...                                             |
| Clonality                  | Polyclonal                                                                        |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.         |
| Molecular Weight           | 46 kDa                                                                            |
| UniProt                    | <a href="#">P47794</a>                                                            |
| Form                       | Liquid                                                                            |

|                   |                                                                                             |
|-------------------|---------------------------------------------------------------------------------------------|
| Target            | G1/S-specific cyclin-E1                                                                     |
| Application Notes | Application Notes: Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml |
