| Product Description        | Cadherin6 (CDH6) is also known as Kidney cadherin (Kcadherin or KCAD), is a type II classical cadherin from the cadherin superfamily. Cadherins are calciumdependent cell adhesion proteins. They preferentially interact with themselves in a homophili... |
| Molecular Weight           | 68.3 kDa                                                                                                                                                                                                                                                    |
| Tag                        | C-10*His                                                                                                                                                                                                                                                    |
