| Article Name               | Anti-DDX58 Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal                                                                               |
| Biozol Catalog Number      | BOB-A00244-2-FLUORO488                                                                                                                              |
| Supplier Catalog Number    | A00244-2-Fluoro488                                                                                                                                  |
| Alternative Catalog Number | BOB-A00244-2-FLUORO488-100UG                                                                                                                        |
| Manufacturer               | Boster Bio                                                                                                                                          |
| Host                       | Rabbit                                                                                                                                              |
| Category                   | Antikörper                                                                                                                                          |
| Application                | FC                                                                                                                                                  |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                   |
| Immunogen                  | E. coli-derived human DDX58 recombinant protein (Position: H871-K925). Human DDX58 shares 83.3% amino acid (aa) sequence identity with mouse DDX58. |
| Clonality                  | Polyclonal                                                                                                                                          |
| Molecular Weight           | Calculated Molecular Weight: 106600 MW                                                                                                              |
| NCBI                       | <a href="#">23586</a>                                                                                                                               |
| UniProt                    | <a href="#">O95786</a>                                                                                                                              |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                         |
| Purity                     | Immunogen affinity purified.                                                                                                                        |

|                    |                                                 |
|--------------------|-------------------------------------------------|
| Form               | Liquid                                          |
| Target             | Antiviral innate immune response receptor RIG-I |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells   |
