| Host                       | Rabbit                                                                                                      |
| Category                   | Antikörper                                                                                                  |
| Application                | FC                                                                                                          |
| Species Reactivity         | Mouse, Rat                                                                                                  |
| Immunogen                  | E.coli-derived mouse Cytochrome P450 1A2/Cyp1a2 recombinant protein (Position: H184-K513).                  |
| Clonality                  | Polyclonal                                                                                                  |
| NCBI                       | <a href="#">13077</a>                                                                                       |
| UniProt                    | <a href="#">P00186</a>                                                                                      |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> . |
| Purity                     | Immunogen affinity purified.                                                                                |
| Form                       | Liquid                                                                                                      |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Target             | Cytochrome P450 1A2                           |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
