| Article Name               | Anti-Estrogen Receptor beta/ESR2 Antibody Picoband Fluoro550<br>Conjugated, Rabbit, Polyclonal                                                                                   |
| Biozol Catalog Number      | BOB-A00786-1-FLUORO550                                                                                                                                                           |
| Supplier Catalog Number    | A00786-1-Fluoro550                                                                                                                                                               |
| Alternative Catalog Number | BOB-A00786-1-FLUORO550-100UG                                                                                                                                                     |
| Manufacturer               | Boster Bio                                                                                                                                                                       |
| Host                       | Rabbit                                                                                                                                                                           |
| Category                   | Antikörper                                                                                                                                                                       |
| Application                | FC                                                                                                                                                                               |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                |
| Immunogen                  | E. coli-derived human ESR2 recombinant protein (Position: F289-R501). Human ESR2 shares 93.4% and 93.9% amino acid (aa) sequence identity with mouse and rat ESR2, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                       |
| Molecular Weight           | Calculated Molecular Weight: 59216 MW                                                                                                                                            |
| NCBI                       | <a href="#">2100</a>                                                                                                                                                             |
| UniProt                    | <a href="#">Q92731</a>                                                                                                                                                           |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                      |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Purity             | Immunogen affinity purified.                  |
| Form               | Liquid                                        |
| Target             | Estrogen receptor beta                        |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
