| Host                       | Rabbit                                                                                                          |
| Category                   | Antikörper                                                                                                      |
| Application                | FC                                                                                                              |
| Species Reactivity         | Human, Mouse, Rat                                                                                               |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the N-terminus<br>of human Cytochrome P450 2A6/CYP2A6.       |
| Clonality                  | Polyclonal                                                                                                      |
| Molecular Weight           | Calculated Molecular Weight: 50408 MW                                                                           |
| NCBI                       | <a href="#">1548</a>                                                                                            |
| UniProt                    | <a href="#">P11509</a>                                                                                          |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02%<br>NaN <sub>3</sub> . |
| Purity                     | Immunogen affinity purified.                                                                                    |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Form               | Liquid                                        |
| Target             | Cytochrome P450 2A6                           |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
