| Category                   | Antikörper                                                                                                                                                                                                                                                   |
| Application                | WB                                                                                                                                                                                                                                                           |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the C-terminus of human IL22, which shares 85.4% and 82.9% amino acid (aa) sequence identity with mouse and rat IL22, respectively.                                                                       |
| Product Description        | Boster Bio Anti-IL22 Antibody Picoband catalog A00963-2. Tested in WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong sign... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                   |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molecular Weight           | Observed Molecular Weight: 20 kDa                                                                                                                                                                                                                            |
| NCBI                       | <a href="#">50616</a>                                                                                                                                                                                                                                        |

|                    |                                                                     |
|--------------------|---------------------------------------------------------------------|
| UniProt            | <a href="#">Q9GZX6</a>                                              |
| Buffer             | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na2HPO4, 0.05mg NaN3. |
| Purity             | Immunogen affinity purified.                                        |
| Form               | Lyophilized                                                         |
| Target             | Interleukin-22                                                      |
| Application Dilute | Western blot, 0.1-0.5µg/ml                                          |
