| Article Name               | Anti-HCFC1 Antibody Picoband FITC Conjugated, Rabbit, Polyclonal                                                                                                                     |
| Biozol Catalog Number      | BOB-A01729-2-FITC                                                                                                                                                                    |
| Supplier Catalog Number    | A01729-2-FITC                                                                                                                                                                        |
| Alternative Catalog Number | BOB-A01729-2-FITC-100UG                                                                                                                                                              |
| Manufacturer               | Boster Bio                                                                                                                                                                           |
| Host                       | Rabbit                                                                                                                                                                               |
| Category                   | Antikörper                                                                                                                                                                           |
| Application                | FC                                                                                                                                                                                   |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                    |
| Immunogen                  | E.coli-derived human HCFC1 recombinant protein (Position: R1204-Q2035). Human HCFC1 shares 90.2% and 89.7% amino acid (aa) sequence identity with mouse and rat HCFC1, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                           |
| Molecular Weight           | Calculated Molecular Weight: 209 kDa                                                                                                                                                 |
| NCBI                       | <a href="#">3054</a>                                                                                                                                                                 |
| UniProt                    | <a href="#">P51610</a>                                                                                                                                                               |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                          |
| Purity                     | Immunogen affinity purified.                                                                                                                                                         |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Form               | Liquid                                        |
| Target             | Host cell factor 1                            |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
