| Host                       | Rabbit                                                                                                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                                                                                                   |
| Application                | FC                                                                                                                                                                                                                           |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                            |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the C-terminus of human Neuronatin/NNAT. Human Neuronatin/NNAT shares 95.8% and 91.7% amino acid (aa) sequence identity with mouse and rat Neuronatin/NNAT, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                                                                   |
| NCBI                       | <a href="#">4826</a>                                                                                                                                                                                                         |
| UniProt                    | <a href="#">Q16517</a>                                                                                                                                                                                                       |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                                                  |
| Purity                     | Immunogen affinity purified.                                                                                                                                                                                                 |
| Form                       | Liquid                                                                                                                                                                                                                       |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Target             | Neuronatin                                    |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
