| Application                | IHC, WB                                                                                                                                                                                                                                                      |
| Species Reactivity         | Zebrafish                                                                                                                                                                                                                                                    |
| Immunogen                  | E.coli-derived zebrafish SARS1 recombinant protein (Position: R133-K483).                                                                                                                                                                                    |
| Product Description        | Boster Bio Anti-Zebrafish SARS/SARS1 Antibody Picoband catalog AZQ6DRC0. Tested in WB, IHC applications. This antibody reacts with Zebrafish. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, an... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                   |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molecular Weight           | Observed Molecular Weight: 64 kDa. Calculated Molecular Weight: 59 kDa                                                                                                                                                                                       |
| NCBI                       | <a href="#">445405</a>                                                                                                                                                                                                                                       |

|                    |                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------|
| UniProt            | <a href="#">Q6DRC0</a>                                                                                         |
| Buffer             | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na2HPO4.                                                |
| Purity             | Immunogen affinity purified.                                                                                   |
| Form               | Lyophilized                                                                                                    |
| Target             | Serine--tRNA ligase, cytoplasmic                                                                               |
| Application Dilute | Western blot, 0.25-0.5 µg/ml, Zebrafish Immunohistochemistry (Paraffin-embedded Section), 2-5 µg/ml, Zebrafish |
