| Article Name               | Anti-PARP/PARP1 Picoband Antibody (monoclonal, 10G9) Fluoro488 Conjugated, Clone: [Clone: 10G9], Mouse, Monoclonal                                                          |
| Biozol Catalog Number      | BOB-M00122-6-FLUORO488                                                                                                                                                      |
| Supplier Catalog Number    | M00122-6-Fluoro488                                                                                                                                                          |
| Alternative Catalog Number | BOB-M00122-6-FLUORO488-100UG                                                                                                                                                |
| Manufacturer               | Boster Bio                                                                                                                                                                  |
| Host                       | Mouse                                                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                                                  |
| Application                | FC                                                                                                                                                                          |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                           |
| Immunogen                  | E.coli-derived human PARP recombinant protein (Position: Q670-R858). Human PARP shares 94% and 95% amino acid (aa) sequence identity with mouse and rat PARP, respectively. |
| Clonality                  | Monoclonal                                                                                                                                                                  |
| Clone Designation          | [Clone: 10G9]                                                                                                                                                               |
| NCBI                       | <a href="#">142</a>                                                                                                                                                         |
| UniProt                    | <a href="#">P09874</a>                                                                                                                                                      |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                 |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Purity             | Immunogen affinity purified.                  |
| Form               | Liquid                                        |
| Target             | Poly [ADP-ribose] polymerase 1                |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
