## Product Datasheet

### **Anti-GNAQ Antibody Picoband (monoclonal, 13H4) Fluoro647 Conjugated, Clone: [Clone: 13H4], Mouse, Monoclonal BOB-M00898-FLUORO647**

|                            |                                                                                                                                    |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Article Name               | Anti-GNAQ Antibody Picoband (monoclonal, 13H4) Fluoro647 Conjugated, Clone: [Clone: 13H4], Mouse, Monoclonal                       |
| Biozol Catalog Number      | BOB-M00898-FLUORO647                                                                                                               |
| Supplier Catalog Number    | M00898-Fluoro647                                                                                                                   |
| Alternative Catalog Number | BOB-M00898-FLUORO647-100UG                                                                                                         |
| Manufacturer               | Boster Bio                                                                                                                         |
| Host                       | Mouse                                                                                                                              |
| Category                   | Antikörper                                                                                                                         |
| Application                | FC                                                                                                                                 |
| Species Reactivity         | Human, Monkey, Mouse, Rat                                                                                                          |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the N-terminus of human GNAQ, identical to the related mouse and rat sequences. |
| Clonality                  | Monoclonal                                                                                                                         |
| Clone Designation          | [Clone: 13H4]                                                                                                                      |
| NCBI                       | <a href="#">2776</a>                                                                                                               |
| UniProt                    | <a href="#">P50148</a>                                                                                                             |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na2HPO4, 0.02% NaN3.                                                              |
| Purity                     | Immunogen affinity purified.                                                                                                       |

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Form               | Liquid                                              |
| Target             | Guanine nucleotide-binding protein G                |
| Application Dilute | Flow Cytometry, 1-3 $\mu$ g/1x10 <sup>6</sup> cells |
