| Host                       | Mouse                                                                                                           |
| Category                   | Antikörper                                                                                                      |
| Application                | FC                                                                                                              |
| Species Reactivity         | Human, Mouse, Rat                                                                                               |
| Immunogen                  | E.coli-derived human MEK2/MAP2K2 recombinant protein (Position:<br>M1-V400).                                    |
| Clonality                  | Monoclonal                                                                                                      |
| Clone Designation          | [Clone: 2H4]                                                                                                    |
| NCBI                       | <a href="#">5605</a>                                                                                            |
| UniProt                    | <a href="#">P36507</a>                                                                                          |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02%<br>NaN <sub>3</sub> . |
| Purity                     | Immunogen affinity purified.                                                                                    |

|                    |                                                            |
|--------------------|------------------------------------------------------------|
| Form               | Liquid                                                     |
| Target             | Dual specificity mitogen-activated protein kinase kinase 2 |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells              |
