| Article Name               | Anti-GAA Antibody Picoband (monoclonal, 2G7) Fluoro647 Conjugated, Clone: [Clone: 2G7], Mouse, Monoclonal                                                                                                |
| Biozol Catalog Number      | BOB-M01548-FLUORO647                                                                                                                                                                                     |
| Supplier Catalog Number    | M01548-Fluoro647                                                                                                                                                                                         |
| Alternative Catalog Number | BOB-M01548-FLUORO647-100UG                                                                                                                                                                               |
| Manufacturer               | Boster Bio                                                                                                                                                                                               |
| Host                       | Mouse                                                                                                                                                                                                    |
| Category                   | Antikörper                                                                                                                                                                                               |
| Application                | FC                                                                                                                                                                                                       |
| Species Reactivity         | Human                                                                                                                                                                                                    |
| Immunogen                  | A synthetic peptide corresponding to a sequence in the middle region of human GAA, different from the related mouse sequence by eight amino acids, and from the related rat sequence by six amino acids. |
| Clonality                  | Monoclonal                                                                                                                                                                                               |
| Clone Designation          | [Clone: 2G7]                                                                                                                                                                                             |
| NCBI                       | <a href="#">2548</a>                                                                                                                                                                                     |
| UniProt                    | <a href="#">P10253</a>                                                                                                                                                                                   |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> .                                                                                             |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Purity             | Immunogen affinity purified.                  |
| Form               | Liquid                                        |
| Target             | Lysosomal alpha-glucosidase                   |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
