## Product Datasheet

### **Anti-Actin/ACTA1 Antibody Picoband (monoclonal, 3H5) FITC Conjugated, Clone: [Clone: 3H5], Mouse, Monoclonal BOB-M02014-5-FITC**

|                            |                                                                                                                                     |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Article Name               | Anti-Actin/ACTA1 Antibody Picoband (monoclonal, 3H5) FITC Conjugated, Clone: [Clone: 3H5], Mouse, Monoclonal                        |
| Biozol Catalog Number      | BOB-M02014-5-FITC                                                                                                                   |
| Supplier Catalog Number    | M02014-5-FITC                                                                                                                       |
| Alternative Catalog Number | BOB-M02014-5-FITC-100UG                                                                                                             |
| Manufacturer               | Boster Bio                                                                                                                          |
| Host                       | Mouse                                                                                                                               |
| Category                   | Antikörper                                                                                                                          |
| Application                | FC                                                                                                                                  |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                   |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the C-terminus of human Actin, identical to the related mouse and rat sequences. |
| Clonality                  | Monoclonal                                                                                                                          |
| Clone Designation          | [Clone: 3H5]                                                                                                                        |
| NCBI                       | <a href="#">58</a>                                                                                                                  |
| UniProt                    | <a href="#">P68133</a>                                                                                                              |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                         |
| Purity                     | Immunogen affinity purified.                                                                                                        |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Form               | Liquid                                        |
| Target             | Actin, alpha skeletal muscle                  |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
