| Alternative Catalog Number | BOB-M02378-1-100UL                                                                                                                           |
| Manufacturer               | Boster Bio                                                                                                                                   |
| Host                       | Rabbit                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                   |
| Application                | WB                                                                                                                                           |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                            |
| Immunogen                  | A synthesized peptide derived from human FABPI                                                                                               |
| Product Description        | Boster Bio Anti-FABPI Rabbit Monoclonal Antibody catalog M02378-1. Tested in WB application. This antibody reacts with Human, Mouse, Rat.... |
| Clonality                  | Monoclonal                                                                                                                                   |
| Concentration              | 0.5mg/ml                                                                                                                                     |
| Clone Designation          | [Clone: 24F95]                                                                                                                               |
| Molecular Weight           | Observed Molecular Weight: 15 kDa. Calculated Molecular Weight: 120839 MW                                                                    |
| NCBI                       | <a href="#">2169</a>                                                                                                                         |

|                    |                                                                                                                     |
|--------------------|---------------------------------------------------------------------------------------------------------------------|
| UniProt            | <a href="#">P12104</a>                                                                                              |
| Buffer             | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA. |
| Purity             | Affinity-chromatography                                                                                             |
| Form               | Liquid                                                                                                              |
| Target             | Fatty acid-binding protein, intestinal                                                                              |
| Application Dilute | WB 1:500-2000                                                                                                       |
