| Article Name               | Anti-REA/PHB2 Antibody Picoband (monoclonal, 2B5) FITC Conjugated, Clone: [Clone: 2B5], Mouse, Monoclonal   |
| Biozol Catalog Number      | BOB-M03315-FITC                                                                                             |
| Supplier Catalog Number    | M03315-FITC                                                                                                 |
| Alternative Catalog Number | BOB-M03315-FITC-100UG                                                                                       |
| Manufacturer               | Boster Bio                                                                                                  |
| Host                       | Mouse                                                                                                       |
| Category                   | Antikörper                                                                                                  |
| Application                | FC                                                                                                          |
| Species Reactivity         | Human, Mouse, Rat                                                                                           |
| Immunogen                  | E.coli-derived human REA/PHB2 recombinant protein (Position: M1-K299).                                      |
| Clonality                  | Monoclonal                                                                                                  |
| Clone Designation          | [Clone: 2B5]                                                                                                |
| NCBI                       | <a href="#">11331</a>                                                                                       |
| UniProt                    | <a href="#">Q99623</a>                                                                                      |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> . |
| Purity                     | Immunogen affinity purified.                                                                                |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Form               | Liquid                                        |
| Target             | Prohibitin-2                                  |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
