| Article Name               | Anti-Adiponectin/ADIPOQ Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal                                                                                |
| Biozol Catalog Number      | BOB-PB9001-FLUORO488                                                                                                                                              |
| Supplier Catalog Number    | PB9001-Fluoro488                                                                                                                                                  |
| Alternative Catalog Number | BOB-PB9001-FLUORO488-100UG                                                                                                                                        |
| Manufacturer               | Boster Bio                                                                                                                                                        |
| Host                       | Rabbit                                                                                                                                                            |
| Category                   | Antikörper                                                                                                                                                        |
| Application                | FC                                                                                                                                                                |
| Species Reactivity         | Human                                                                                                                                                             |
| Immunogen                  | E.coli-derived human adiponectin recombinant protein (Position: E19-N244). Human adiponectin shares 85% amino acid (aa) sequence identity with mouse adiponectin. |
| Clonality                  | Polyclonal                                                                                                                                                        |
| Molecular Weight           | Calculated Molecular Weight: 26414 MW                                                                                                                             |
| NCBI                       | <a href="#">9370</a>                                                                                                                                              |
| UniProt                    | <a href="#">Q15848</a>                                                                                                                                            |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> .                                                      |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Purity             | Immunogen affinity purified.                  |
| Form               | Liquid                                        |
| Target             | Adiponectin                                   |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
